JEN JOURNAL OF Emergency Nursing

Official publication of the Emergency Nurses Association, 666 North Lake Shore Drive, Suite 1131, Chicago, IL 60611

EDITOR

Gail Pisarcik Lenehan, RN, MS, CS, CEN
Massachusetts General Hospital
Boston, Massachusetts

ENA COMMUNICATIONS DEPARTMENT

Camille Zumpano
Director, ENA Communication Services
ENA National Office
Chicago, Illinois

EDITORIAL BOARD

Joyce E. Dains, RN, MSN
Assistant Professor
Graduate Program in Emergency Care
University of Texas
Houston, Texas

Carol B. Forrester, RN, BBA, CEN
Director, Pennsylvania Trauma
Systems Foundation
Camp Hill, Pennsylvania

Iris C. Frank, RN, MSN, MICN, CEN
Manager, Emergency Department
Dominican Santa Cruz Hospital
Santa Cruz, California

Judy Stoner Halpern, RN, MS, CEN
Clinical Nurse Specialist for Trauma
Bronson Methodist Hospital
Kalamazoo, Michigan

Belinda B. Hammond, RN, MSN
Staff Development Instructor
Emergency Department
Moses Cone Hospital
Greensboro, North Carolina

Marlene Jezierski, RN
Assistant Head Nurse
Emergency Services
Unity Hospital
Fridley, Minnesota

Janet Neff, RN
Instructor
College of Nursing
University of Arizona
Tucson, Arizona

Valerie Novotny-Dinsdale, RN, BSN, CEN
Staff Developer
Emergency Department
Northwest Hospital
Seattle, Washington

CONTRIBUTING EDITORS

Geri Allerman, RN, EdD
Mercy College
Dobbs Ferry, New York

Rita M. Celmer, RN
Metropolitan Hospital
Philadelphia, Pennsylvania

Ann Cousins, RN, MS
Psychiatric Clinical Nurse Specialist
Boston, Massachusetts

Dianne M. Danis, RN, MS, CEN
Assistant Director of Nursing
Emergency Department
Boston City Hospital
Boston, Massachusetts

James E. George, MD, JD
Emergency Nurse Legal Bulletin
Westville, New Jersey

Madelyn S. Quattrone, JD
George and Korin, PA
Woodbury, New Jersey

Susan A. Budassi Sheehy, RN, MSN, CEN
Clinical Nurse Specialist
St. Joseph's Hospital
Tacoma, Washington

CONSULTING EDITORS

Mildred Fincke, RN, BSN
Medical Center, Beaver County
Beaver, Pennsylvania

William H. Fite, RN, DSN
Tallahassee Memorial Regional Medical Center
Tallahassee, Florida

Maryfran McGonagle Hughes, RN, MSN
Massachusetts General Hospital
Boston, Massachusetts

Dennis Joubert, RPh, MS Pharm
Pharmacy Services, VA Medical Center
Boston, Massachusetts

Marcia Katz, RN, MICN
Life Flight, Stanford University Hospital
Stanford, California

Margaret Miller, RN, MSEd
Creighton University
Omaha, Nebraska

Janet Gren Parker, RN, MS, BSN
Vanderbilt Hospital and University
Nashville, Tennessee

Susan Craig Schulmerich, RN, MS, MBA, CEN
North Central Bronx Hospital
Bronx, New York

Casie Williams, RN, BSN, CCRN
Southern Region Emergency Medical Services Council, Inc
Anchorage, Alaska

AUTHOR INDEX*

A

ABUNDIS J: Hazards of metered-dose bronchodilator inhalers, 262
ALLERMAN G, MCKAY JI, NOVOTNY-DINSDALE V: Use of prehospital care providers in emergency departments: A national survey, 33
ANDERSEN C: Patient with acute myocardial infarction receiving streptokinase therapy in the emergency department, 12
ANDREOLI KG, MUSSER LA: Challenges confronting the future of emergency nursing, 16
ANTOGNOLI-TOLAND P: Comprehensive program for examination of sexual assault victims by nurses: A hospital-based project in Texas, 132
AUBRY A (*see* Vogt et al), 85
AUERBACH PS, LANGENBERG A: Ventricular fibrillation associated with calcium administration during cardiopulmonary resuscitation, 69

B

BARROWS J: Factors affecting ED nurses' performance of physical assessment skills, 80
BECKWITH N, CARRIERE SR: Fluid resuscitation in trauma: An update, 293
BERGERON K (*see* Blansfield, Fackler, and Bergeron), 304
BLANSFIELD J, FACKLER C, BERGERON K: Developing standardized care plans: One emergency department's experience, 304
BROWN C: Some thoughts on leadership . . . , 117 (President's Message)
—: Toward a healthier emergency care family, 174 (President's Message)

C

CARRIERE SR, GULICH LG, SCHULTZ KA: Multiple systemic emboli, 136
— (*see* Beckwith and Carriere), 293
CERULLO LJ, QUIGLEY MR: Management of cervical spinal cord injury, 182
COLE FL, RODGERS B: Mitral stenosis: Congestive heart failure as the primary manifestation, 289
COUSINS A: Masochism: Descriptive features, 152

D

DANIS DM: Communications: Mailing lists, telephone trees, and telephone banks, 160
—: Nurse practice acts: Trends and issues, 213
DEAN AK (*see* Selfridge and Dean), 310
DREIER R (*see* Vogt et al), 85

F

FACKLER C (*see* Blansfield, Fackler, and Bergeron), 304
FINCKE M (*see* Lenehan et al), 169
FYLER P, MOELL A: Ham radio communications support in hospital disaster planning, 319

G

GASTFRIEND DR (*see* Lenehan, Gastfriend, and Stetler), 72
GEORGE JE: Nurses' legal responsibility for other health care team members, 59
—: Potential liability for the patient signing out against medical advice, 110
—: Private patient in the emergency department, 163
GEORGE JE, QUATTRONE MS: Consent pitfalls in the emergency department, 271
—: Emergency department record problems, 215
—: Search for patient identification: An invasion of privacy? 335
GOLDBERG LH (*see* Woodcock and Goldberg), 180
GRIMALDI D: Paranoia, 201
GULICH LG (*see* Carriere, Gulich, and Schultz), 136

H

HALL MM: Pros and cons of medical antishock trousers, 22
HALPERN JS: Amantadine: Antiviral agent for influenza A, 158
—: Clove cigarettes: A health advisory, 327
—: Effects of smoking on drugs, 211
—: Misuse of chelation therapy, 105
— (*see* Lenehan et al), 169
HELANDER B: An educational ladder for flight nurses: One helicopter program's experience, 198
HERRICK BK: Happy birthday, *JEN*, 4 (Guest Editorial)

J

JOHNSTON JB: Tracking state legislative activities, 107
—: Annual review of audiovisual materials, 253
JONES SL, RING S, JONES PK, KATZ J: ED use in relation to health care experiences and behavior, 145
JONES PK (*see* Jones et al), 145

K

KATZ J (*see* Jones et al), 145

*January/February, pp 1-62; March/April, pp 63-116; May/June, pp 117-168; July/August, pp 169-222; September/October, pp 223-278; November/December, pp 279-346.

KELLEY SJ: Interviewing the sexually abused child: Principles and techniques, 234
KOHLMEIER CA: Protocols for the management of patients with acute hazardous materials exposure, 249

L

LANGENBERG A (*see* Auerbach and Langenberg), 69

THOMPSON CE (*see* Stroud, Levi, and Thompson), 242

V

VOGT JS, MIESLE AF, DREIER R, AUBRY A: Flex-primary: An ED nursing care delivery and communications system, 85

W

WINSLOW K: Hemodialysis shunts, 157
WOODCOCK RW, GOLDBERG LH: An effective "solution" to accidental adhesion with Krazy Glue, 180

SUBJECT INDEX*

A

Abdominal pain, gastrointestinal bleeding, and orthopedic injury (Neff), 339
Acts, nurse practice, trends and issues in (Danis), 213
Adhesion, accidental, with Krazy Glue, effective "solution" to (Woodcock and Goldberg), 180
Against medical advice, potential liability for patient signing out (George), 110
Agitated or violent, alcohol-intoxicated patients in emergency department, use of haloperidol in management of, pilot study of (Lenehan, Gastfriend, and Stetler), 72
Alcohol-intoxicated patients in emergency department, use of haloperidol in management of agitated or violent, pilot study of (Lenehan, Gastfriend, and Stetler), 72
Alcoholic man, unconscious (Molitor), 221
Amantadine, antiviral agent for influenza A (Halpern), 158
Annual review of audiovisual materials (Johnston), 253
Antiviral agent for influenza A, amantadine (Halpern), 158
Arm circumference, upper, and body weight, relationship of (Larson), 246
Assessment skills, physical, factors affecting ED nurses' performance of (Barrows), 80
Audiovisual materials, annual review of (Johnston), 253

B

Bad news and promising stop-smoking movement on smoking (Lenehan), 170 (Editorial)
Behavior and experiences, health care, ED use in relation to (Jones, Ring, Jones, and Katz), 145
Birth, emergency (Roberts), 125
Body weight and upper arm circumference, relationship of (Larson), 246
Bronchodilator inhalers, metered-dose, hazards of (Abundis), 262
Bullet embolism (Shea), 300

*January/February, pp 1-62; March/April, pp 63-116; May/June, pp 117-168; July/August, pp 169-222; September/October, pp 223-278; November/December, pp 279-346.

C

Calcium administration during cardiopulmonary resuscitation, ventricular fibrillation associated with (Auerbach and Langenberg), 69
California mobile intensive care nurse, role of, legislative approach to problem solving (Merritt-Lindgren and Pletz), 329
Cardiac arrest and resuscitation controversies and current concepts, review of literature on (Sheehy), 257
Cardiopulmonary resuscitation, ventricular fibrillation associated with calcium administration during (Auerbach and Langenberg), 69
Cervical spinal cord injury, management of (Cerullo and Quigley), 182
Chain saw injuries (Stroud, Levi, and Thompson), 242
Challenges confronting future of emergency nursing (Andreoli and Musser), 16
Chelation therapy, misuse of (Halpern), 105
Child, 11-year-old, with vomiting and fever (Molitor), 167
  sexually abused, principles and techniques of interviewing (Kelley), 234
Clove cigarettes, health advisory on (Halpern), 327
Communications, mailing lists, telephone trees, and telephone banks (Danis), 160
  support from ham radio in hospital disaster planning (Fyler and Moell), 319
  system and ED nursing care delivery, Flex-Primary (Vogt, Miesle, Dreier, and Aubry), 85
Competency-based format for preceptorship of mobile intensive care nurse (Selfridge and Dean), 310
Comprehensive program for examination of sexual assault victims by nurses, hospital-based project in Texas for (Antognoli-Toland), 132
Conference, financing educational (Schulmerich), 195
Congestive heart failure as primary manifestation in mitral stenosis (Cole and Rodgers), 289
Consent pitfalls in emergency department (George and Quattrone), 271
Continuing education, tool for, on triage dilemmas and decisions (Molitor), 40
Conversations and reflections at 1985 New York Scientific Assembly (Lenehan), 279

D

Developing standardized care plans, one emergency department's experience (Blansfield, Fackler, and Bergeron), 304
Diagnosis, nursing, implementation of, in one emergency department (Novotny-Dinsdale), 140
Disaster planning, ham radio communications support in hospital (Fyler and Moell), 319
Drugs, effects of smoking on (Halpern), 211

E

Eclampsia, toxemia of pregnancy in (Lee), 225
ED nurse voices concern over urgent care center staffing (Lenehan), 114
  nurses' performance of physical assessment skills, factors affecting (Barrows), 80
  nursing care delivery and communications system, Flex-Primary (Vogt, Miesle, Dreier, and Aubry), 85
  use in relation to health care experiences and behavior (Jones, Ring, Jones, and Katz), 145
Educational conference, financing (Schulmerich), 195
  ladder for flight nurses, one helicopter program's experience with (Helander), 198
Effective "solution" to accidental adhesion with Krazy Glue (Woodcock and Goldberg), 180
Effects of smoking on drugs (Halpern), 211
Eleven-year-old child with vomiting and fever (Molitor), 167
Emboli, multiple systemic (Carriere, Gulich, and Schultz), 136
Embolism, bullet (Shea), 300
Emergencies, metabolic and endocrine (Sheehy), 49
Emergency birth (Roberts), 125
  care family, toward a healthier (Brown), 174 (President's Message)
  department record problems (George and Quattrone), 215
  medical services, EMT roles, and EMT utilization in emergency departments, historical review of (McKay), 27
  nursing, challenges confronting future of (Andreoli and Musser), 16
EMT roles, EMT utilization, and emergency medical services in emergency departments, historical review of (McKay), 27
ENA, new directions for (Larson), 282
Encephalitis, varicella (Rich), 122
Endocrine emergencies, metabolic and (Sheehy), 49
Examination of sexual assault victims by nurses, comprehensive program for, in hospital-based project in Texas (Antognoli-Toland), 132
Experiences and behavior, health care, ED use in relation to (Jones, Ring, Jones, and Katz), 145
Exposure, acute, from hazardous materials, protocols for management of patients with (Kohlmeier), 249

F

Factors affecting ED nurses' performance of physical assessment skills (Barrows), 80
Fever and vomiting, 11-year-old child with (Molitor), 167
Financing an educational conference (Schulmerich), 195
Flex-Primary, ED nursing care delivery and communications system (Vogt, Miesle, Dreier, and Aubry), 85
Flight nurses, educational ladder for, one helicopter program's experience with (Helander), 198
Fluid resuscitation in trauma, update (Beckwith and Carriere), 293

G

Gastrointestinal bleeding, abdominal pain, and orthopedic injury (Neff), 339
Guidelines, trauma patient (Sheehy), 209

H

Haloperidol, use of, in management of agitated or violent, alcohol-intoxicated patients in emergency department, pilot study of (Lenehan, Gastfriend, and Stetler), 72
Ham radio communications support in hospital disaster planning (Fyler and Moell), 319
Happy birthday, *JEN* (Herrick), 4 (Guest editorial)
Hazardous materials exposure, acute, protocols for management of patients with (Kohlmeier), 249
Hazards of metered-dose bronchodilator inhalers (Abundis), 262
Health care experiences and behavior, ED use in relation to (Jones, Ring, Jones, and Katz), 145
  team members, others, nurses' legal responsibility for (George), 59
Helicopter landing site, safety at, preventing injuries to emergency personnel and patients (Taylor), 325
  program's experience with educational ladder for flight nurses (Helander), 198
  staffing regulations in Massachusetts (Sroczynski), 264
Hemodialysis shunts (Winslow), 157
Historical review of emergency medical services, EMT roles, and EMT utilization in emergency departments (McKay), 27
Hospital-based project in Texas for comprehensive program for examination of sexual assault victims by nurses (Antognoli-Toland), 132
Hospital disaster planning, ham radio communications support in (Fyler and Moell), 319
Hypotension, profound, mastocytosis with (Parker), 188

I

Identification of patient, search for, invasion of privacy? (George and Quattrone), 335

Implementation of nursing diagnosis in one emergency department (Novotny-Dinsdale), 140
Influenza A, amantadine, antiviral agent for (Halpern), 158
Inhalers, metered-dose bronchodilator, hazards of (Abundis), 262
Injuries, chain saw (Stroud, Levi, and Thompson), 242
Intensive care nurse, mobile, competency-based format for preceptorship of (Selfridge and Dean), 310
Interviewing sexually abused child, principles and techniques of (Kelley), 234
Isoniazid poisoning (Montonye), 66
Issues and trends of nurse practice acts (Danis), 213

J

JEN—then and now (Lenehan), 1 (Editorial)

K

Krazy Glue, effective "solution" to accidental adhesion with (Woodcock and Goldberg), 180

L

Laboratory tests in trauma (Sheehy), 99
Leadership, some thoughts on (Brown), 117 (President's Message)
Leg pain, lower, unexplained, in 19-year-old (Molitor), 113
Legal responsibility of nurses for other health care team members (George), 59
Legislative approach to problem solving in role of California mobile intensive care nurse (Merritt-Lindgren and Pletz), 329
Liability, potential, for patient signing out against medical advice (George), 110
Limp, acute, toddler with (Molitor), 277

M

Mailing lists, telephone trees, and telephone banks, communications and (Danis), 160
Making a political impact (Menish), 284
Man, unconscious alcoholic (Molitor), 221
Management of cervical spinal cord injury (Cerullo and Quigley), 182
of patients with acute hazardous materials exposure, protocols for (Kohlmeier), 249
Masochism, descriptive features of (Cousins), 152
Massachusetts, helicopter staffing regulations in (Sroczynski), 264
Mastocytosis with profound hypotension (Parker), 188
Medical antishock trousers, pros and cons of (Hall), 22
Metabolic and endocrine emergencies (Sheehy), 49
Metered-dose bronchodilator inhalers, hazards of (Abundis), 262
Misuse of chelation therapy (Halpern), 105
Mitral stenosis, congestive heart failure as primary manifestation (Cole and Rodgers), 289
Mobile intensive care nurse preceptorship, competency-based format for (Selfridge and Dean), 310
role of, in California, legislative approach to problem solving (Merritt-Lindgren and Pletz), 329
Multiple systemic emboli (Carriere, Gulich, and Schultz), 136
Myocardial infarction, acute, patient with, receiving streptokinase therapy in emergency department (Andersen), 12

N

New directions for ENA (Larson), 282
Nitrous oxide for pain control in emergency department (Proehl), 191
Nurse practice acts, trends and issues in (Danis), 213
Nurses' legal responsibility for other health care team members (George), 59
Nursing diagnosis in one emergency department, implementation of (Novotny-Dinsdale), 140

O

On smoking, bad news and promising stop-smoking movement (Lenehan), 170 (Editorial)
Orthopedic injury, abdominal pain, and gastrointestinal bleeding (Neff), 339

P

Pain control in emergency department, nitrous oxide for (Proehl), 191
Paranoia (Grimaldi and Cousins), 201
Patient with acute myocardial infarction receiving streptokinase therapy in emergency department (Andersen), 12
Physical assessment skills, factors affecting ED nurses' performance of (Barrows), 80
Pitfalls, consent, in emergency department (George and Quattrone), 271
Poisoning, isoniazid (Montonye), 66
Political impact, making of (Menish), 284
Potential liability for patient signing out against medical advice (George), 110
Preceptorship for mobile intensive care nurse, competency-based format for (Selfridge and Dean), 310
Pregnancy, toxemia of, in eclampsia (Lee), 225
Prehospital care providers in emergency departments, use of, national survey of (Allerman, McKay, Novotny-Dinsdale), 33
Preventing injuries to emergency personnel and patients with safety at helicopter landing site (Taylor), 325
Privacy, search for patient identification, invasion of (George and Quattrone), 335

Private patient in emergency department (George), 163
Problems, record, in emergency department (George and Quattrone), 215
Professionalism in 1980s (Larson), 223 (President's Message)
Pros and cons of medical antishock trousers (Hall), 22
Protocols for management of patients with acute hazardous materials exposure (Kohlmeier), 249

R

Record problems in emergency department (George and Quattrone), 215

Regulations, helicopter staffing, in Massachusetts (Sroczynski), 264
Relationship of upper arm circumference and body weight (Larson), 246
Resuscitation and cardiac arrest controversies and current concepts, review of literature on (Sheehy), 257
Role of California mobile intensive care nurse, legislative approach to problem solving (Merritt-Lindgren and Pletz), 329

S

Safety at helicopter landing site, preventing injuries to emergency personnel and patients (Taylor), 325
Scientific Assembly, 1985 New York, conversations and reflections at (Lenehen), 279
Search for patient identification, an invasion of privacy? (George and Quattrone), 335
Sexual assault victims, comprehensive program for examination of, by nurses, in hospital-based project in Texas (Antognoli-Toland), 132
Sexually abused child, principles and techniques of interviewing (Kelley), 234
Shunts, hemodialysis (Winslow), 157
Smoking, bad news on, and promising stop-smoking movement (Lenehan), 170 (Editorial)
  effects of, on drugs (Halpern), 211
"Solution," effective, to accidental adhesion with Krazy Glue (Woodcock and Goldberg), 180
Some thoughts on leadership . . . (Brown), 117 (President's Message)
Spinal cord injury, cervical, management of (Cerullo and Quigley), 182
Staffing regulations, helicopter, in Massachusetts (Sroczynski), 264
Standardized care plans, one emergency department's experience in developing (Blansfield, Fackler, and Bergeron), 304
State legislative activities, tracking of (Johnston), 107
Stop-smoking movement, promising, and bad news on smoking (Lenehan), 170 (Editorial)
Streptokinase therapy in emergency department, patient with acute myocardial infarction receiving (Andersen), 12
Sudden infant death syndrome, update on (McClain), 227
Swelling at site of 3-day-old wound (Molitor), 345
Systemic emboli, multiple (Carriere, Gulich, and Schultz), 136

T

Telephone banks, telephone trees, and mailing lists, communications and (Danis), 160
Then, now, and in between (Lenehan et al), 169 (Editorial)
Toddler with acute limp (Molitor), 277
Toward a healthier emergency care family (Brown), 174 (President's Message)
Toxemia of pregnancy in eclampsia (Lee), 225
Tracking state legislative activities (Johnston), 107
Trauma, laboratory tests in (Sheehy), 99
  patient guidelines (Sheehy), 209
  update on fluid resuscitation in (Beckwith and Carriere), 293
Trends and issues in nurse practice acts (Danis), 213
Triage dilemmas and decisions, tool for continuing education in (Molitor), 40

U

Unconscious alcoholic man (Molitor), 221
Unexplained lower leg pain in 19-year-old (Molitor), 113
Upper arm circumference and body weight, relationship of (Larson), 246
Urgent care center staffing, ED nurse voices concern over (Lenehan), 114
Use of haloperidol in management of agitated or violent, alcohol-intoxicated patients in emergency department, pilot study of (Lenehan, Gastfriend, and Stetler), 72
  prehospital care providers in emergency departments, national survey of (Allerman, McKay, and Novotny-Dinsdale), 33

V

Varicella encephalitis (Rich), 122
Ventricular fibrillation associated with calcium administration during cardiopulmonary resuscitation (Auerbach and Langenberg), 69
Violent or agitated, alcohol-intoxicated patients in emergency department, use of haloperidol in management of, pilot study of (Lenehan, Gastfriend, and Stetler), 72
Vomiting and fever, 11-year-old child with (Molitor), 167

W

Weight, body, and upper arm circumference, relationship of (Larson), 246
Wound, 3 days old, swelling at site of (Molitor), 345
